

Junior Safety Officers

At Moorfield Primary School, we have an amazing team of dedicated year five Junior Safety Officers. They they work closely with Mrs Atar to share advice and offer support regarding safety in school, in the home and local area.

Our Junior Safety Officers work hard to share their messages in various ways such as:

- Giving talks during assemblies about road safety topics
- Promoting safety and sustainable travel through running half termly competitions with wonderful prizes to be won!
- Maintaining a notice board that shows road safety information, posters, competition entries and winners

All of their work is documented in their Junior Safety Officer journal and they meet with Ros Wong, Halton's Road Safety Co-Ordinator, half termly to discuss their current projects and achievements.

Watch this space for their first competition in the autumn term!

Thank you for your support.
